

PARROT CK-3100 Specifications

Model	PARROT CK-3100
Notes	<p>The Parrot CK3100 system is a Bluetooth hands free car kit which installs in every car.</p> <p>This car kit is one of the Parrot CK series - universally compatible with most mobile phones including Nokia, Blackberry, Samsung, LG, Sony Ericsson & the Apple i Phone!</p> <p>Control your phone via the screen</p> <p>With the Parrot CK3100, you will be able to place and receive calls in comfort and safety, without ever touching your mobile phone. The Parrot hands free kit displays your mobile phone's information on an LCD screen: incoming call number, phonebook, last number called, and so on. This ingenious screen can be installed wherever users want on the dashboard, and provides an optimised viewing angle for greater comfort and readability.</p> <p>Your voice takes control</p> <p>The Parrot CK3100 Evolution hands-free car kit offers the convenience of voice recognition (with prior voice training) and outstanding sound quality by using your car's sound system as a receiver.</p> <p>Choose a hands free car kit that integrates seamlessly into your car for real audio quality. The car's speakers accurately reproduce the caller's voice. The external microphone captures the sound of your voice while filtering out the surrounding noise. In the event of a call, the car radio automatically cuts out to allow for a smooth conversation.</p>
